Celebrating Togetherness

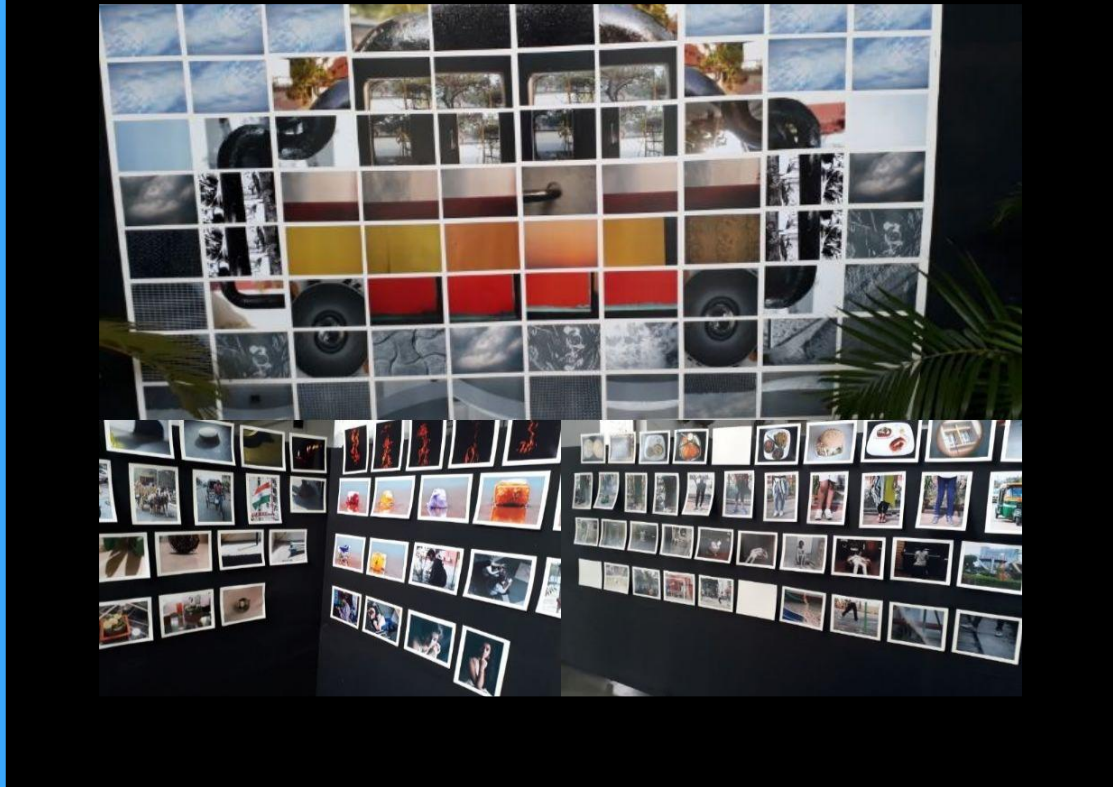

Inmates from **Asha Niketan** visited CIS on 20th March, 2019.

Students of Grade 8 went to the market with their Section Head to purchase gifts for these special guests. A cultural program was put up for them by the students of Grades 6 – 9.

It was a wonderful moment of sharing and caring for all.

Team: Habitat for Humanity

Students of IBDP Year-1 participated in a 'Build for School Children' project organized by **Habitat for Humanity**, India. They enthusiastically took part in heavy work such as carrying concrete blocks and laying them to raise the walls of 2 under-construction houses for HIV-AIDS patients. They also painted 5 houses in the suburbs of Hyderabad. Their engagement in the entire process left the organizers impressed.

Senior School Principal, Dr. Munmun Nath handed over the Certificate of Appreciation from Habitat for Humanity to the participants in the Senior School Assembly held on 29th March 2019.

Weeklong visit of Alfrink College students to CIS

A group of students and teachers of Alfrink College from the Netherlands visited CIS for the first time from the February 25th to March 5th 2019. CIS organized various workshops and visits which got the students of both schools to interact, exchange and learn from each other.

Their schedule started off with the Performative Storytelling Workshop through which a group of CIS Grade 11 students along with the Alfrink College students were challenged to identify socio-cultural issues and stereotypes, using the tools of the Performative Arts - theatre, dance, songs, music etc. Students worked in groups to explore issues and depict solutions for four days and finally staged their performance for the Senior School.

Their programme also included a 'Calcutta Walk' and a visit to the Heritage sites. The students were intrigued with the cultural potboilers of Kolkata and have taken back home a wonderful learning experience along with some strong bonds of friendship.
