

CALCUTTA INTERNATIONAL SCHOOL

SPECIAL EDITION MARCH/APRIL 2022

The background is a light pink grid pattern. It is decorated with various school supplies: two orange pencils with pink erasers and green bands, a red spiral notebook, a yellow spiral notebook, an open yellow book with blue pages, a red pencil holder with several colored pencils, a stack of three books (yellow, blue, and red), a red pencil holder with a blue notebook, a black pen, a blue ruler, and a blue pencil. Several yellow stars of different sizes are scattered throughout the grid.

**We are
BACK!**

*To Make our best
memory again.*

The school gates have opened up ...

Teachers welcome back students with open arms

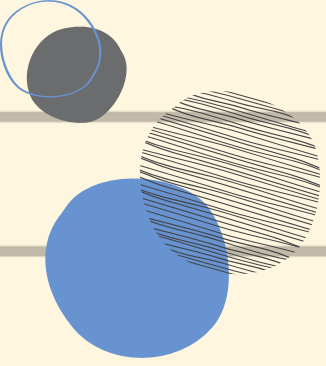

**The tot lot is
buzzing with tiny
happy feet**

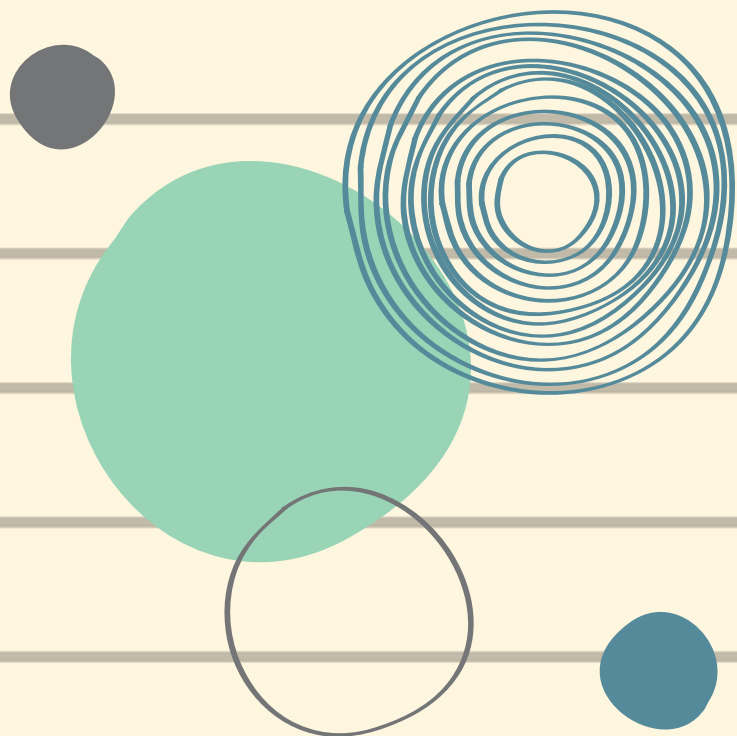

The playground is keeping very busy

Let's see
what is happening
in the classrooms
and beyond ...

How we feel...

"I love coming back to school because I get to have my own desk, rub the whiteboard and go down for recess. I love the music class"

"It feels really good and it is awesome to be together again. We are adjusting but it is fun"

"It is so good to be back in school. Online is hard"

"I can meet my friends and teachers. I have my own desk and a new backpack"

"I can be with my friends for real"

"I get to meet my friends and teachers everyday"

"I love coming to school and meeting my friends and teachers"

"It is more interesting and engaging. Online was boring."

"I love offline school because I can go to the ICT lab. I love having my own desk."

"School is really more fun"

From the Principal's Desk

My dear Students and Parents,

March heralded the season of spring - a time for new life and hope, and regeneration. We, at CIS, marked out this time, by being able to welcome back our students and staff to regular classes in the physical space, post the worst phases of the pandemic.

Once again, the school corridors reverberated with the happy sounds of children talking, sharing, playing and learning. The classrooms were once more filled with bright smiling faces, eager to begin the lessons for the day. The pandemic has proved that schools are such an integral part of every child's life and there can be no worthy substitute for it. The images of class activities in the above pages highlight the times we have spent in the classrooms in March and April, joyous in our return to school!

The days have flown by since we resumed school in the physical space and renewed our vigour and enthusiasm to continue to give our best to help every child get all the opportunities they deserve to grow.

Wishing you all a safe and happy time ahead at CIS,
